### Concept

The association founded in May 2003 acts as the leading financing platform in Switzerland, where entrepreneurs may find early and later stage capital and also access to experience and the network of the investor members during the foundation and ramp-up in Switzerland and abroad. The investors are offered the opportunity to make investments into Swiss High Tech companies, mainly out of the CTI Start-up coaching ([www.ctistartup.ch](http://www.ctistartup.ch)) and/or companies of the portfolio of the fellow members. In addition also Video Podcasts of the presented companies are made available on the Extranet for the members.
